---

The new DCX-250 XPERT is RUBI's best performing professional electric cutter, designed to offer maximum stability and perfect cuts.

1 The triple-beam aluminium chassis and easy locking, reinforced legs offer stability while working as well as quick and easy setup. The robust structure of the machine plays an important role in achieving the best finish in tile cutting.

2 The C3 Python system ensures more efficient cooling and cleaning of the blade, extending the performance and life of the blade and improving cutting accuracy while reducing water overspray.

3 Designed to cut ceramic, porcelain, and natural stone tile, such as marble and granite
